

# Welcome To The Newly Enhanced 511

The Manitoba 511 system has been relaunched with new features.

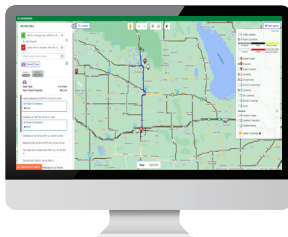

Manitoba Transportation and Infrastructure's 511 - comprised of manitoba511.ca, the Manitoba 511 mobile app, and the 511 phone system – has relaunched with enhanced map features, navigation functionalities, customized notifications, and more.

## GETTING STARTED:

- Visit <http://manitoba511.ca/> or download the mobile app, which is available for Apple and Android devices through the App Store and Google Play.

## SAVE AND CUSTOMIZE ROUTES:

- Create a new Manitoba 511 account to save your favourite routes, receive customized alerts, and to get notifications on traffic incidents and road closures.

## SAVE TRAFFIC CAMERAS:

- With a Manitoba 511 account, you can now save your favourite traffic cameras to instantly view what is happening on the road in real-time.

## IMPROVED USER EXPERIENCE:

- The mobile app has a new look with enhanced features and menu selections!
- With intuitive and easy-to-use menus, you can easily enter Drive Mode or even call 511 directly from the app. Drivers can also view current traffic and weather conditions, incidents, cameras, and more!
